

Interested in developing a forensic science course in your school?
Want to learn how to set up a "crime scene"?
Need more information about forensic techniques?

CSI: LAWRENCE TECH

Forensic Science Summer Workshop for Educators at Lawrence Technological University

CSI:Lawrence Tech, designed for **educators**, can provide the ideas to help you develop your course work, engage your students, and teach forensic science using an **integrated science** approach. You will work alongside police officers and experts trained in forensic science. This hands-on workshop focuses on:

- Accident reconstruction
- Blood spatter analysis
- Glass analysis
- Ballistics
- Fingerprints and impressions
- DNA fingerprinting
- Forensic entomology
- Crime scene processing
- Legal issues

CSI:Lawrence Tech is organized by Lawrence Technological University in collaboration with Kathy Mirakovits, a Michigan educator who launched and has successfully offered this program since 2003.

The workshop will be held weekdays on the Lawrence Tech campus, **July 11 – 15, 2011**, 8:30 a.m. – 3:30 p.m., and includes lunch. **The cost is \$275.**

Students who successfully complete **CSI:Lawrence Tech** can earn State Board - Continuing Education Units (SB-CEUs) or up to three graduate credit hours. If you decide to take this workshop for graduate credit, graduate tuition fees will apply (for more information, call 248.204.3516).

For further information about **CSI:Lawrence Tech** or to register for the workshop, call **248.204.3516** or email **msedir@ltu.edu**.
